Response to "Notice to File Corrected Application Papers"

In response to Confirmation No. 2183 Formalities letter dated 30 October 2001, I held a phone conversation on 13 Nov 2001 with a Miss Stokes at the Customer Service Center, Initial Patent Examination Division (703) 308-1202.

She stated that the Prior Art section of my specification (Application Number 09/964,927) contains drawings, and that I should remove all drawings from the specification, and resubmit entire specification under the same application number. She stated that there was no problem with the application's formal drawings, and that I should not resubmit these. She also advised me that there is no filing fee for corrected papers. Enclosed, please find one (1) copy of my revised specification, which is twenty (20) pages in length.

Respectfully Yours,

A handwritten signature in black ink, appearing to read "Wil McCarthy".
